

## Tabla Studio v2.0 (Tabla Loops)

(Details)

Tabla Studio v2.0 Tabla Loops is a collection of 400 high quality, hand played Tabla Loops for 8 principal Tabla Taals for Music Composition and Tabla Accompaniment. The Collection includes 8 different Download Packs for Tabla Taals like Dadra, Kaharwa, Roopak, Deepchandi, Bhajani, Teentaal, Jhaptaal and Ektaal.

All Loops are recorded at higher resolution 24 bit 96 Khz sample rate in professional recording setup.

### Features:

1. All Tabla Loops are creative and include popular rhythms.
2. Good for Folk and Classical Music Composition and Accompaniment.
3. Loops are in varying Tempos, slow, medium and fast.
4. High Quality Tabla is used by professional Tabla Players.
5. Loops can be modified for Key and Tempo.
6. Each Loop comes in a separate WAV file. **Compatibility:**
  1. The Loops in Tabla Studio v2.0 are in **popular WAV format**. They are compatible with almost all Major Recording and Editing Softwares and Digital Audio Workstations (DAWs)
  2. Compatible with PC and Mac computer systems and iPad
  3. Compatible with Hardwares like AKAI MPC's, Korg Triton, Roland, Casio and all other keyboards that can import .WAV files

4. Compatible with all Musical Keyboards which can import WAV files.
5. All Loops can be converted into Apple Loop Format (AIFF)  
(All Loops are also available in Apple Loop Format AIFF as Free Download)
6. All Loops are also available at WAV 16 bit 44.1 Khz sampling rate on request.  
(Some Hardwares like Musical Keyboards accept WAV files at 16 bit 44.1 Khz sampling rate only, in that case you can have free download for WAV at 16 bit 44.1 Khz sampling rate on request. Please mail to [support@tablaradio.com](mailto:support@tablaradio.com) for free download.)
